

New Plants for Florida: Dedication and Acknowledgment¹

Richard L. Jones, Mary L. Duryea, and Berry J. Treat, Editors²

Dedication

This publication is dedicated to FAES scientists who have contributed to the selection and breeding of new plants. Their hard work, dedication and ingenuity have advanced agriculture in Florida and the world. Thank you.

Acknowledgment

We are grateful to Florida Foundation Seed Producers, Inc. for their assistance over the years with variety releases. Florida Foundation Seed Producers, Inc. is a not-for-profit organization, founded in 1943 to operate for agricultural, scientific and educational purposes and to make available improved varieties of seed and nursery stock for Florida farmers and growers. Under the management of A.E.C. McIntire, T.E. Webb, A.J. Oswald, T.D. Stadskev, the FFSP is recognized as a national leader in variety licensing and research agreements that help enhance FAES variety development for Florida growers and consumers.
